For Better Or Worse (Wedding Belles Book 2)

Synopsis

Will a budding wedding planner and her bad boy neighbor stop banging heads and start hearing wedding bells in the sexy second novel in USA TODAY bestselling author Lauren Layne's irresistible new series that marries *Sex and the City* with *The Wedding Planner*? When small-town girl Heather Fowler finally gets promoted from assistant to actual wedding planner, she's determined to make it as one of Manhattan's elite Wedding Belles. Unfortunately, her first client demands an opulent black-tie affair at the Plaza in five months' time. Heather's days quickly become a flurry of cake tastings, dress-fittings, RSVP cards, and bridal tantrums. But what she's really losing sleep over is the live music blaring from her playboy neighbor's apartment all night. Five years ago, Josh Tanner was an up-and-comer on Wall Street, complete with the penthouse and the migraines. But a grim cancer diagnosis made him realize there is more to life than the corner office. If only he could convince his pretty, workaholic neighbor to let loose, too. As Heather lets down her guard, Josh is surprised when he starts falling for the sweet, vulnerable woman hiding beneath those power suits. Soon, it's Heather's turn to convince Josh to take the biggest risk of all: love.

Customer Reviews

4.5 - 4.75 STARS Heather Fowler is enjoying her newfound life in NYC and is on the cusp of fulfilling her lifetime dream. As assistant wedding planner for Manhattan's elite Wedding Belles, Heather is ecstatic when she is given an opportunity to plan the wedding of a very prestigious client. Finally, Heather has a chance to prove herself worthy of the promotion she so desperately seeks. But with a difficult, disinterested client, an unavailable venue and an extremely short time-frame, Heather's hope of catapulting her career to actual wedding planner, might never come to fruition. When Josh Tanner was diagnosed with cancer, he gave up his stressful Wall Street lifestyle in favor of a more carefree one. Five years later, Josh is cancer free, but the fear of a recurrence is never far from mind, as he continues to keep people at arm's length. Determined to live in the moment, Josh pursues his love of music, and enjoys the many perks that being part of a band affords him—namely, numerous women and a constantly revolving door. Transformed from the person he used to be, Josh now vehemently denounces routine, commitment and relationships. Still, Josh is unhappy; lost. Something is missing, and music alone isn't filling the void. Taking to heart the idiom, "Live the life you want, not the one you have," Heather moves from her tiny apartment in Brooklyn Heights into a more expensive apartment just east of Central Park. But shortly after she moves in, Heather discovers that her devastatingly handsome neighbor has a penchant for band practice during the hours that Heather requires sleep. Although relentless in his attempts to seduce her, Heather refuses to fall for Josh's charming antics and become one in a long line of one-night stands.

Having enjoyed Book 1, To Have and to Hold, this reviewer was thrilled to receive a NetGalley ARC for the next book in this series, For Better or Worse, in exchange for an honest, unbiased opinion. Unfortunately, I am conflicted on how to rate it. I think separating fact vs my personal opinion may be the best approach in writing a fair, insightful review. To be more specific, my main character rules of conduct may not be yours, folks, and I don't want to convince someone not to read a book they normally would. So I'll warn you now, I kind of feel like the one night stand that wakes up in a strange bed/place with my eyes darting back and forth across the room wondering if I should stay or go. Meaning, stay with my head held high and give a thorough, detailed review or go the other route, tiptoe out the door, taking my personal views with me and only leaving a brief note saying, "It's likely me, not you, hope you enjoy this one." •FACT: Josh Tanner has been through a lot, folks. He's a cancer survivor who has decided to be Mr. Happy Go Lucky, and I mean that literally and figuratively. He's walked away from his successful, but stressful job in Wall

Streetâ€™s world of finance and spends each day and most nights convincing himself he is living his dream, playing in a band and getting lucky with the ladies. Unfortunately, it takes the entire book until he realizes heâ€™s missing the whole point of living, that special connection with a true soulmate. After his pretty much already fizzled out relationship ended when his girlfriend couldnâ€™t handle even the idea of his illness, heâ€™s left rather jaded and also doesnâ€™t think it would be fair to bring heartache to another woman should his cancer return.
