## **Customer Reviews**

This story is full of twists, turns and surprises. Their passion is crazy hot. This story was a great all around read. Love. Werewolves. Betrayal. Family. I recommend to all readers of werewolves and or erotic stories. If you like a paranormal storyline of action, sexual heat and a little bit on the kinky side this is the book for you.

Super hot and romantic threesome affair. Cassie is very desirable woman on the story so as the other characters too. Uniquely created to fit the hot and luscious mood. I love sharing Cassie's three way to my sister and my sister-in-law. They will fall in love of the story for sure.

A wonderful engaging storyline with humor, sensitivity, sizzling hot scenes surround this menagerie story. The relationship between the three main characters had the warmth and imaginative ability to just let the reader glide through the story. My only wish is that the story had been fleshed out a little more with the characters backgrounds and how they came to be where they were. Great Read!

If you want a long and well spent time and you'd love to experience all the passion three people can share in an out of this world sex experience this book is right for you. This book is well written piece of lushes erotica and it is written with emotional intelligence. Well done! First time reading anything by this author but I will definitely read more.

More than just a book, these bonus books make it a collection of work by the author. But I will only review the first book, Cassie's 3 way; which is a very exciting piece of work. It is a quick read, but gets the job done and get straight to the point. This book makes 50 shades of grey look like a pg movie.

This book is HOT!! the stories flowed very nicely and always left me begging for more. I felt that I got to know the characters through my reading and was left in suspense and awe at all times. Nice mixture of humor as well which really added to a nice creative story line.

Very sexy and engaging. The author has a way of making you turn to the next page just to know what's gonna happen next. Will definitely look into more titles from this author. Would recommend this book to anyone into three ways!

I never experienced threesome sex and this book brings me to other dimension of romance. While reading it, I cannot stop from imagining if that is going on. I really like how it was written and cannot wait for more.
