Obstetrics: Normal And Problem Pregnancies (Obstetrics Normal And Problem Pregnancies)

Synopsis

After 30 years, *Obstetrics: Normal and Problem Pregnancies* remains your go-to choice for authoritative guidance on managing today's obstetric patient. International experts put the latest knowledge in this specialty at your fingertips, with current and relevant information on everything from fetal origins of adult disease, to improving global maternal health, to important topics in day-to-day obstetrical practice. Highly readable, well-illustrated, and easy to understand, this bestselling obstetrics reference is an ideal tool for residents and clinicians. Take advantage of the collective wisdom of global experts in the field, including two new editors -- Drs. Vincenzo Berghella and William Grobman -- and nearly 30 new contributors. Gain a new perspective on a wide range of today's key issues - all evidence-based and easy to read.

Customer Reviews

This is a significant update very useful even to a specialist who has most recent issue of Creasy Resnik, Williams, and every major ob journal.

Great book and service!
