Customer Reviews

I enjoyed reading this sweet romance between a handsome sheikh and a modern thinking British woman. The cultural differences are treated with sensitivity and realism. We have a hero who treasures his traditions but also respects others. As a reader living in the western world, the author made it easy for me to understand Sheikh Najid's point of view. I felt connected to both characters as they struggled with their differences and the misunderstandings that ensued--sometimes I cried

and screamed and wanted to shake them senseless, but that's the mark of a good book. For me it's when I start to care about what happens to the characters. This is a whirlwind romance, but it definitely felt plausible. The chemistry is palpable despite it being a sweet romance. I look forward to knowing more about Tassie and Najid in future books and I'm completely rooting for them.

It was a typical read, but not something of substance or something I would bother to purchase again. Fairly disappointed by all the four stars.

I choose the book because I love to read about sheikhs. I love the story and wish there was more with them having babies
