Will Hannah believe in her inner strength and her mate to keep them safe from the evils that are surely on their way to turn their lives upside down? ## Customer Reviews

I wasn't thrilled after reading the first three stories. It's like the skeleton of a book. There's no lead in to the Noxioms - why are they there, what are they, what was their situation before the laws changed, why are they hated, how have they fitted with the populace previously. There's no real lead

in to the characters - no description of the characters, or hardly any, barely any description of how the Noxioms are different, and when the differences are described no explanation of their heritage, no back ground to Hannah's life just hints. There's no descriptions - nothing to set moods, describe where they're at, scenery, smells, sights, textures. There's no lead in to the romance - she's a virgin and fussy, but with hardly any lead in she's mated to Wyser. They're "bonded". She goes from reserved to all over him in the space of a dream because apparently there's no inhibitions in the dream world. They're "in love" in less time than a handshake, with hardly any discovery of each other. Blah, hate stories like that, so teen fantasy. Hannah is described as strong - she's violent, not strong. She's described as "hardly ever crying" - she cried 3 times in short order. Verdict: The author can write. But it's a lazy job. She didn't build a world, just a skeleton of a story line. I'm disappointed. Potential was there, delivery was not.
